TURPIE SWORN IN

And Congress Convenes With Due Pomp and Regularity—The Officers of the House.

WASHINGTON, Dec. 5.--It is said that the senate committee on privileges and elections have been in informal consultation and reached a conclusion to make no opposition to the admission of Turpie of Indiana, but to object to the admission of Faulkner, of West Virginia, on the ground that there were conflicting credentials from that state.

The general opinion was that there would be no dead-lock and that the usual course of the opening proceedings would not be broken. The galleries of the senate were early crowded and to overflowing. Mrs. Cleveland, accompanied by several lady friends, occupied the seats reserved for the family of the president.

The proceedings opened with prayer by Chaplain Rev. J. G. Butler. The president of the senate, Mr. Ingalls, then called the senate to order. He said he would now place before the senate the certificates of election, certificates of appointments and other papers received since the adjournment.

In swearing in the senators-elect, Senator Hoar made an objection to the administration of the oath to Faulkner, of West Virginia, until certain questions to which his credentials gave rise could be passed upon by the committee on privileges and elections. The senator from Massachusetts said this seemed eminently appropriate, and this course was followed. The oath was administered to Turpie, of Indiana. All papers of the case were referred to the committee on privileges and elections.

HOUSE.

Long before the hour of noon the galleries of the house were crowded to the utmost capacity. The ladies were in the majority. At noon the clerk of the house called the body to order and was about to call the roll when a salvation army crank in the gallery started a Salvation Army hymn, which he sang lustily till ejected by the door keeper.

1:30 p. m.—The house having elected Carlisle speaker, that gentleman made a speech of thanks in which he dwelt with much stress upon the imperative necessity of such a moderate and reasonable reduction of the tariff as would guarantee the laboring people against the effects of financial depression, and at the same time not deprive them of any part of the just rewards of their toil. The work of organizing the house then proceeded.

Clark, of Missouri, was elected clerk of the house, Dalton, of Indiana, was chosen postmaster, Leedom, of Ohio, sergeant-at-arms and Hurt, of Mississippi, doorkeeper.

W. J. CRAIG.

The Editor of the Indianapolis Sentinel Arrested for Libel—Two Big Failures,

INDIANAPOLIS, Dec. 5.—The *Sentinel* to-day charged Phil Rappaport, editor of the *Indiana Tribune*, with making an anarchist speech yesterday. Rappaport caused the arrest of W. J. Craig, editor of the *Sentinel*, on a charge of criminal libel.

INDIANAPOLIS, Dec. 5.—Theodore Pfafflin & Co., dealers in musical instruments, have failed. Liabilities, estimated, $7,550; assets, unknown. John Church & Co., of Cincinnati, have charge of the stock.

CINCINNATI, O., Dec. 5.—The Hodgen commission company whose main office is in Louisville, with branches at Evansville, Indianapolis, Chicago, Pittsburg, Cleveland and Baltimore, have failed. Liabilities, $150,000; assets, $40,000.

Charles Strawbridge, the genial clerk at the Bass works, is to-day possibly the happiest of men as his wife presented him with a bouncing boy baby weighing all the way from ten to fifteen pounds last evening. In passing us on his way home he handed us a box of thirty-nine cigars and yelled out: "Take one. Oh! take them all." Wm. Rodgers, the assistant foreman, of the Pittsburg boiler shop, (his father-in-law) leaped with joy when he heard the news, swung on his overcoat and bid the boys "go and take something" with "Uncle Billy."

Strike Ended.

CHICAGO, Dec. 5.—Typographical Union No. 16 held a special meeting yesterday and declared the strike of the job and book printers for nine hours for a day at an end. Four hundred strikers were ordered to return to their cases this morning on a basis of ten hours a day, for $18 per week.

WASHINGTON, Dec. 5.—Indiana, colder, followed by warmer, generally fair weather.

The council met this morning and arranged to repair the Walton avenue sewer.

Bewildering conceits in elegant mufflers, brocade silks, and every fabric known, shown in endless variety by Messrs. Sam, Pete & Max, gents' outfitters and haberdashers.

GOSHEN, Ind., Dec. 5.—Incendiaries fired the Globe Implement companys' works and wind-mill factory at Burnham Cases' carriage works last night. Loss, $25,000; insurance, $7,000.

UP THEY GO.

The Chicago Market Shows an Advance in Prices.

CHICAGO, Dec. 5., 11 a. m.—All grains were higher. May wheat opened at 86½c and speedily sold at 86¾c. May corn opened at 55½c and ten minutes later sold at 55¾c. Provisions were higher, light receipts of hogs and May pork opened at 50c higher.

PRESIDENT SADI-CARNOT

Will Not Form a Cabinet Until He Consults the Leaders.

PARIS, Dec. 5—President Sadi-Carnot, at his reception to the retiring Rouvier cabinet last evening, thanked them for patriotic devotion they had shown during the recent crisis. He said he would not form a cabinet until after he had consulted with the presidents of the senate and the chamber of deputies and the chiefs of the republican groups.

Herr Most.

NEW YORK, Dec. 5.—Herr Most's counsel has made a motion for a new trial to be heard Thursday next.

NEW ST. MARY'S.

The Program for Its Dedication Next Sunday.

The new St. Mary's church will be dedicated next Sunday by Rt. Rev. Bishop Dwenger. Rt. Rev. Bishop Rademacher, of Nashville, will sing the Pontifical Mass; Very Rev. J. H. Brammer, V. G., will be the assistant priest; Very Rev. A. B. Oechtering, dean of the Mishawaka district, will be deacon of the mass; the sub-deacon has not yet been named. Rev. J. F. Lang, chancellor of the diocese, will have charge of the arrangements and be first master of ceremonies. Rev. Father Faller, first pastor of St. Mary's, has been invited and is expected to be present. If he comes, he will act as chaplain to Bishop Dwenger. The choirs of St. Mary's and of the Cathedral will be aided by an orchestra. They will sing Brosig's mass. Rt. Rev. Bishop Dwenger will preach in English, and will be followed by Rev. T. M. Abbelen, of Milwaukee, who will give a brief address in German.

All the societies of the several Catholic churches of the city will form in procession at the Library hall and march to the new church. The services will begin at 10 o'clock, sharp.

Save your tickets. On the first of each month, till April 1st, a grand gift will be presented by Messrs. Sam, Pete & Max to one of their patrons; whilst daily, till April 1st, thousands of valuable gifts will be distributed.

The millers have raised the price of flour.

The county commissioners are in regular session.

Receiver McNulta, of the Wabash, will disburse $450,000 in interest on the first mortgage bonds on the first of January.

A party of painters, out on a lark, caused a sensation on Broadway Saturday night by exploding giant powder on the streets.

This morning Dr. W. H. Meyers went over to see little Mary Schulte, who was bitten by Geo. Ewing's bull dog. He found her arm swollen and an abscess on it, but no trace of hydrophobia or erysipelas.

Mr. A. E. Hoffman has demonstrated one thing, that as good celery can be raised here as anywhere else. That grown on his farm this year is very fine, and equals in flavor the celebrated Kalamazoo celery.

The suit of the Brush Electric Light company vs. Owen Pixley & Co., and Jenny Electric Light company and the suit of H. L. Crane vs. A. C. Trentman, replevin, are on trial in the federal courts at Indianapolis.

For the three months ending Nov. 30, the bill of the St. Joe hos ital for caring for the poor dependent on the county, was $988. The City hospital has paid $1,063 for the same purpose. The county commissioners allowed these bills this morning.

The trial of Catherine Meyers vs. August Fox, administrator of the will of John Rogers, is on trial in the circuit court. Mr. Rogers willed something like $5,000 to the Catholic orphan asylum, and Miss Meyers seeks to set aside his will on the ground of insanity.

She Almost Died.

Mrs. Scott, the wife of a Nickel Plate locomotive fireman, was afflicted with a severe headache Saturday night, and to relieve it she took about four grains of morpnine. It was a fatal dose and but for the timely assistance of Dr. Stemen she might have died.

Disolution Notice.

Notice is hereby given that the firm of S. Nieman & Bro., has this day dissolved partnership. The business will be continued by S. Nieman, 117 Fairfield avenue, who assumes all liabilities and collects all debts due the old firm.

An Explosion Wrecks the Boiler House and Buries the Fireman in the Ruins at Hubbard, O.

YOUNGSTOWN, Ohio, Dec. 5.—One of a battery of eight boilers exploded at the Hubbard iron mills, at Hubbard, Ohio, about 4 o'clock this morning, wrecking the boiler house and terribly scalding the fireman, W. Siefert, who was buried under the debris. His condition is critical. No one else was injured.

LOCAL NEWS.

The funeral of Mrs. Catherine Ossaforth took place this morning.

The several trades unions are about to organize a local council of trades unions.

Mrs. Christ Wenninghoff, the cigar manufacturer, went to Decatur this afternoon.

Mr. and Mrs. S. M. Blount, of Wabash, are guests of Mr. and Mrs. J. F. Beegan.

Mr. and Mrs. Frank Lightfoot have returned from a visit to their relatives at Falmouth, Ky.

The Gatling Gun squad hold a meeting to-night and will receive six new members into their organization.

Mr. T. P. Keator is at home from Pennsylvania, where he delivered a series of lectures on his travels abroad.

The Typographical union had an election of officers yesterday. Mr. D. C. Gardner was elected president, and C. C. Casterline, vice-president.

John, the two-year-old son of Mr. John Welch, living at No. 17 Brandriff street, died yesterday of inflammation of the bowels. The funeral will take place to-morrow afternoon.

Rev. Father Koenig, Dr. Zardetti, Rev. Fathers Koerdt, Hartman, Moench and Ellering went to Columbia City to attend imposing religious services in the Catholic church at that town.

The regular cottage meeting of the railroad department Y. M. C. A. will be held in their rooms, No. 245 Calhoun street, on Tuesday evening, Dec. 6. These meetings are free to all. Come and welcome.

Mrs. A. Reinhardt, of Chicago, is the guest of her daughter, Mrs. Sam S. Fisher, of West Wayne street. Last Thursday Mrs. Fisher gave an elegant reception to her lady friends, and it is pronounced a social event.

Mrs. Matilda Gable, the wife of Peter Gable, a machinist in the Fort Wayne iron works, died of cancer yesterday at her home, No. 40 Madison street. Her age was thirty-nine years. The funeral will take place to-morrow afternoon.

Mr. August LeGraw, a popular letter carrier, celebrated his birthday anniversary yesterday by giving a banquet to the postoffice boys, at his pleasant home on Spy Run avenue. Postmaster Kaough was master of toasts. The occasion was a very merry one.

Judge Chapin was at Auburn last Saturday and assures us that the natural gas vein discovered up there increases in volume as the explorations extend towards Fort Wayne. Auburn is but twenty miles away and who knows but the field is closer to us?

Mr. L. P. Huntoon proposes to compile and arrange a new map of Allen county. Mr. Huntoon has had much experience in engineering. He has served under Surveyor O. B. Wiley, did service for the Nickel Plate company and last summer was assistant engineer at Lima, Ohio.

The following item from the Marion *Chronicle* gives an idea of how the manufactories are seeking the "gas belt." To compete for the location of new manufacturing enterprises it needs no argument to show that Fort Wayne must have natural gas, and have it quick. The *Chronicle* says; "Every ten pots, in the vocabulary of glass manufacturers, constitutes a factory. Then, counting Stewart & Estey as two, Marion has secured just ten factories since the development of natural gas. This includes the Sheehy cigar factory, the Hulley hame works, the Spurr soap factory, the Marion Lumber company, the Burk & Charles glass factory, the Crosby paper mill, the Stewart & Estep glass works, the bottle factory and the pressed brick works."

There is nothing more elegant for little boys' wear than the Boucle and Stockinet suit which Sam, Pete & Max are selling at $5.00, worth fully $8.50.

A Small Fire.

At 5:20 this morning the fire department was called to the south depot, where the small building used as a storage office by the Adams Express company was on fire. The room adjoins the Pittsburg baggage office and an electric light wire inflamed the roof. The damage was slight, as the department did effective work.

Extra exertions have been made to produce the magnificent display of "our own specialties" in neck dressing. Messrs. Sam, Pete & Max feel satisfied they can suit all seeking "just the proper thing" for the holiday.

HUNTING FOR NEWS.

The Railroad and Manufacturing Establishments Contribute Their Share of Items.

The "Man-Bear" show left this morning on the Wabash for Huntington.

Mr. W. F. Watkins, the purchasing agent of the M., S., St. M. & A. road, was in the city to-day.

Fred Armack has taken a position as machinist in the Pittsburg shops under Foreman Barney Fitzpatrick.

Assissant Master Mechanic Lowe, of the Pittsburg shops at Allegheny City, Pa., is in the city on business.

James C. Hewes, the popular foreman of the Pittsburg boiler shops, is confined to his bed on account of rheumatism.

John Murphy, a machinist in the Pittsburg shops, has returned from Chicago and resumed his position again.

Herman Ragel, who has been at Decatur for a few weeks placing an engine in position for the Bass works, has returned home.

This is pension day and a number of the old veterans in the different manufacturing establishments of the city are filing their vouchers.

Fred Miller, of the Pittsburg freight office, who has been sick with typhoid fever for the last few months, resumed his position in the office to-day.

George Conklin, the lion-tamer, says he will have nothing to do with cross-eyed animals, nor use any other remedy for his coughs and colds by Dr. Bull's Cough Syrup.

James M. Gribben, the popular foreman of the planing department of the Pittsburg shops, is suffering from a sore eye, the result of hot water from the steam pipes in the shops.

Herman Ropa, formerly of the Bass foundry, has returned from New Orleans where he has been employed for some time. He has been sick for a few months and will spend the winter here.

C. L. Daseler, the clerk in the Pittsburg car shops, will not be married in January. Christ is determined to live and die an old bachelor, so he says, and we extend him our heartfelt sympathies.

An engine got off the side track of the Pittsburg road at Lima last evening and the wreck train was sent to its assistance. No particular damage was done and it was placed upon the track again in a few hours.

Thomas B. Toomey, the old soldier veteran of the Bass works, has two pay days this month, one on which he draws $36 pension from the government, and the other when he draws his monthly pay from the Bass works.

James Wooff, of the Pittsburg machine shops, who returned to work a few days ago, after having been afflicted with rheumatism for some time, has again taken a relapse and is now confined to his bed with the dread disease.

Arthur Pearly, who is in the employ of the Adams Express company, at the south depot, recently received a deserved promotion. Arthur is a graduate of the university at Detroit, and his genial, pleasant manner and ability is gradually pushing him up the ladder of fame.

J. E. Keech, the machinist in the Pittsburg shops, was off duty on Friday, and our reporter did not discover the cause of his absence until this morning, when it leaked out that a bright-eyed ten pound boy had put in an appearance at his house. John is happy and is doing the customary honors over the event.

Mr. G. L. Potter, the master mechanic of the Pennsylvania company's shops in this city, occupies a responsible and trustworthy position for one of his age. He is only twenty-seven years old, and yet for the last three years he has been the assistant master mechanic of the shops and has discharged the duties in such a manner as to win from the company his promotion to the position of master mechanic. Mr. Potter came to this city in 1882 from Renova, Pa., where he learned the machinist trade and put in over five years in the service of the company as machinist and draughtsman. For two years after coming to this city he was entered on the pay roles as a draughtsman, when in 1884 he was promoted to to the position of assistant master mechanic of the shops, which positian he held until his recent appointment as master mechanic in place of Mr. F. D. Cassanave, promoted. Mr. Potter is an untiring and faithful worker, and gives every department of of the great Pittsburg shops that attention which the duties of his responsible office deserve. He is courteous, pleasant and yet firm, and is popular among all the employes of the Pennsylvania company, and seems to have a future before him that is brilliant and promising.

KNIGHTS OF LABOR.

The Provisional Committee Advise the Reconstruction of the Machinery of the Order.

PHILADELPHIA, Dec. 5.—The provisional committee of Philadelphia, representing the Knights of Labor of this city and former knights, including the expelled carpet workers, who are dissatisfied with the general management of the order, have issued a circular to the rank and file of the order of the Knights of Labor and others.

It announces a necessity for the reconstruction of the machinery of the order, while holding fast to its principles and then proceeds to lay certain rules for the reformation. The methods suggested for effecting the purification include a strict preservation of the autonomy of trades; the limitation of the powers of the general officers, making them advisory or supervisory; the avoidance of strikes by invoking the law, the abolition of the salaries of officers and payments except for services actually rendered, the discouragement of extravagance, the encouragement of political action to enforce the principles of the order and the discouragement of personal politics, having for their object the advancement of individuals.

TROUBLE ON THE WABASH.

A Miscreant Fires a Load of Shot at a Flying Train---Two Crooks Arrested.

Yesterday afternoon, as the east-bound fast train on the Wabash was nearing Elston, near Lafayette, some drunken hunter or malicious miscreant fired a load from a shotgun, the charge striking a coach, defacing the palatial wood work of the car. The shot fired was a glancing one, a portion of the load striking a window pane, but failed to break it. The report of the gun was heard distinctly.

At 8 o'clock last night two crooked characters, who gave their names as R. H. Thompson and William Clouse, were arrested by the Wabash yard watchman at Lafayette, at the junction for breaking into a Wabash car loaded with merchandise, westward bound and are in jail at Lafayette.

Foreign.

LONDON, Dec 5.—The *Times*, in commenting on the election of Sadi-Carnot to the presidency of France, says: "For the present republicans are united and able to show a firm front against monarchist intrigues and anarchist outbreaks, but M. Sadi-Carnot holds his position at the mercy of a parliamentary vote.

VIENNA, Dec. 5—All the Austrian and Hungarian subjects employed in the Russian province, bordering on Galicia and Bukovina, have been ordered to quit the Russian territory before January 13.

LONDON, Dec. 5.—Lord Lyons, whose serious illness was announced recently, is dead.

ST. PETERSBURG, Dec. 5.—The papers here approve the election of M. Sadi-Carnot as president of France.

BERNE, Dec. 5.—The counsel of the state has elected M. Gavard, of Geneva as president and M. Schock, of Schaffhausen, vice-president of Switzerland. They are both radicals.

A Steamer Burned.

CHATTHAM, Ont., Dec. 5.—The passenger steamer C. H. Merritt, plying between here and Detroit, was burned this morning. It was owned by G. B. Merritt, Samuel Barefoot and Captain Comette. It was valued at $18,000 and insured for $800. The cause of the fire is unknown.

Fire at Marion.

MARION, Ind., Dec. 5.—Robert J. Spencer's two-story building, occupied by Hale & Rettig as a livery stable, and by Charles Vangorder as a 'bus barn, was destroyed by fire. The total loss is about $6,500. Insurance, $2,500.

The suberb chamber set of magnificent furniture will be presented by Messrs. Sam, Pete & Max, to one of their patrons, February 1st.

Fatal Accident.

At Plymouth, Ind., this morning, the Pittsburg and Fort Wayne accomodation train backed down on a gang of Vandalia section men who were at work where the railroads cross each other.

Mike Sullivan was instantly killed and John Schoner so badly hurt that he is not likely to recover.

Dr. George B. Stemen, of this city, was summoned to attend Mr. Schoner.

Seldom have our people been offered such a complete display of gents' and boys' gloves and mitts as Messrs. Sam, Pete & Max are showing as holiday novelties.

January 2d is the date set for the presentation of the fine top buggy, by Messrs. Sam, Pete & Max, to one of their patrons.

Reward of $5.00.

Lost, on August 25th, '87, a brown leather bag or writing, with the name, Wm. Hodge, on lock. For reward, take it to the office of this paper, and no question asked.

Letter From the Assistant Foreman of the Delivery Department—A Subject in Which Thousands are Deeply Interested,

About five years ago I suffered from pain, ful urination and great pain and weakness in the lower part of my back, pain in the limbs, bad taste in the mouth, disgust at food, and great mental and bodily depression.
I live at 241 York street, Jersey City, and on arriving home one night I found a copy of the Shaker Almanac that had been left during the day. I read the article, "What is this Disease that is Coming Upon Us?" It described my symptoms and feeling better than I could if I had written a whole book. My trouble was indeed "like a thief in the night," for it had been stealing upon me unawares for years. I sent for a bottle of Shaker Extract of Roots, or Seigel's Syrup, and before I had taken one-half of it I felt the welcome relief. In a few weeks I was like my old self. I enjoyed and digested my food. My kidneys soon recovered tone and strength, and the urinary troubled vanished. I was well.
Millions of people need some medicine simply to act on the bowels. To them I commend Shaker Extract in the strongest possible terms. It is the gentlest, pleasantest, safest and surest purgative in this world. The most delicate women and children may take it. One point more; I have all the more confidence in this medicine because it is prepared by the Shakers. I may claim to be a religious man myself and I admire the Shakers for their zeal, consistency and strict business integrity. What they make may be trusted by the public.

MONDAY, DEC. 5, 1887.

FROM the address of Mrs. Tunstall before the convention of the Woman's Christian Temperance Union at Nashville, it is evident that there is alway an abundant supply of fire-water in Indian Territory. The liquor is smuggled in in egg-shells and sacks of flour, and in other ingenious ways, and the government is not as active as it might be in preventing the illegal traffic.

THE Guild of the Iron Cross is a new Catholic organization having for its object the spreading of the principles of temperance, reverence, and chastity. Father Field, of Philadelphia, the guild's chaplain general, has just returned from a successful tour in the West and in Canada, and reports 2,000 members, 117 priests, and seven Bishops connected with the guild.

SEWARD MITCHELL, of Palmyra, Me., was worth a small fortune at one time. He sold his farm to a man who paid a small sum of money down and gave his word that he would pay the rest, but never paid. Mr. Mitchell believed it was wrong to take a note or security when dealing with a neighbor. He has a scheme for keeping a store which shall be left open to all, so that anybody may take what he wants and leave in exchange whatever he may think fair.

A VERY exciting scene recently occurred in the depot at Marysville, Cal. About two hundred Chinamen were on board of the train which came down early in the evening from the north. They had been on board of the cars since leaving Redding without anything to eat or drink. They were given an opportunity to buy what they wanted, and in less than fifteen minutes they had purchased over $100 worth of canned goods and crackers and consumed all the beer in two saloons.

AS TWO well-diggers were sinking well on a farm in Washington Town ship, Ringgold County, Iowa, at the depth of fourteen feet they began to find white walnuts, well preserved, of which they took out half a bushel. At the depth of sixteen feet they found a log of wood and a pair of deer's horns. The horns were quite soft when first taken out of the ground, but became hard when exposed to the air. The well was dug in a timber country, but one peculiar feature of the case is that there is not a white walnut or butternut tree in the country.

THE war cloak of the royal family of Honolulu is a complete semi-circle made on a foundation of network woven of the fiber of a tree. The feathers are sewed in with a twine made of the same material. It is soft and even as plush, of a beautiful golden orange, shading to silver gray. The feathers were taken from the Oo. But two feathers are used from each bird. It is said to have been generations in making, the feathers and work costing over $1,000,000. The feathers were paid for in pieces of nankeen, four feathers for a piece valued at $1.50. As the feathers are not over two inches long, some idea may be formed of the number required for a garment of this size. When Kalakaua was crowned in 1883 he wore this robe for his coronation, making the ninth king who has been so adorned.

THERE is a story that is going around in the French papers about the Czar. While he was stopping recently in the Castle of Fredensborg he was fond of taking little walks in the neighborhood. One day he was accosted by a beggar woman with a child in her arms. In pure Danish and in the roughest manner possible he told her to go away and to be pretty quick about it. The poor woman, terrified, started off, but was followed by an officer. "Here, my good woman," said the officer, as he put some pieces of gold into her hand, "it is the Czar who sends you this, and he hopes that you will forgive his apparent rudeness of a moment ago. The fact is, he has just returned from a visit to his children, who have the scarlatina, and he was afraid that he might bring the contagion to your child, if he allowed you to approach his person."

THREE years ago Mrs. George Winter, of Cincinnati, while eating, let slip a piece of bone down her windpipe. She suffered great agony, as it had lodged in one of her lungs. Hemorrhages succeeded each other in rapid succession. Her coughing spells were continuous and wasted her from a robust woman to a mere skeleton. On a recent morning, as usual, Mrs. Winter awoke with a terrible spell of coughing, followed by a hemorrhage. Suddenly she felt a gradual rising pain on her left side. The stinging pain rose higher and higher, until all at once she felt a hard substance emerge from her throat and fill her mouth. Spitting it out upon the floor, like a revelation it struck her that this was the bone she had swallowed three years ago. A closer examination proved that she had discharged the bone.

REV. D. S. KENNEDY

Delivers an Interesting Sermon Upon One of the Social Questions of the Day.

Last evening, at the Third Presbyterian church, Rev. D. S. Kennedy, the pastor, preached an able and eloquent sermon upon the subject, "The Capable Woman." It was a magnificent address and contained so much of good thought upon the subject that we should be glad to give an outline of it if space permitted and were such a task in our power.

The woman of heathen nations, he said, was a slave, a burden bearer, and it was only the revolutionizing and Christianizing influences of the gospel that had given her that position in society and the world which she occupied to-day and which was rightfully her's. Her character is one of love, gentleness and purity. She was the queen of the household and the educator of the young and upon her the character of the future citizen depended. Her true sphere was the household, or in such occupations in which she had the moulding of character, and he deprecated any attempts to take this mission from her by forcing her into other spheres and occupations of life. They would rob her of the noble attributes which were her crowning virtues for good, and endow her with such manly qualities as to make her life one that God and the bible did not intend her to lead. The reverend gentlemen was undoubtedly opposed to woman suffrage and seemed to speak in strong language against her entering many of the business avocations of life.

It was her duty, he said, to make home life pleasant, attractive and comfortable. If that duty was performed properly by every mother and wife, sons could be raised moral and upright and husbands could be kept from the paths of immorality and vice. Let her think less of society and dress and more of family, devote herself more to her husband and sons and we would have citizens who would control the affairs of the state in an upright and God fearing manner.

His address was a practical one, and dealing as it did with one of the social problems of the day, we are sorry that we cannot safely trust to memory to give a more detailed account of the many good points that he made upon the subject in the course of his sermon. He believes that it is the duty of the minister to deal with these social questions of the day, and the position that he takes in this regard is undoubtedly a good one. Let the ministry of the city talk to their congregations upon live subjects, questions of to-day, and not preach to them every Sunday upon something that occurred two, three and six thousand years ago, and they would not talk Sunday after Sunday to empty benches and sleeping attendants.

A LUBRICATED STORY.

An Oil Inspection Dispute Between Indiana Officials—Bribery Hinted At.

INDIANAPOLIS, Ind., Dec. 5.—A grand fight between Andrew Hagen, democratic coal oil inspector, and Mr. W. H. Young, of Richmond, his deputy for the Sixth congressional district, has developed some remarkable facts. Last May sixty barrels of oil from the Monarch oil station of Cincinnati, bearing Hagen's official seal of inspection, were received at Richmond; but when Young tested the oil he found it thirteen degrees below proof, and then came here to see Hagen. Afterward Hagen went to Richmond, rubbed out the marks, and ordered the oil sent back to Cincinnati. He thereupon wrote a very sharp letter to Young, and not long after removed him from office. It has now come to light that Hagen has a deputy in Cleveland and one in Cincinnati, and that his Cincinnati deputy, Rhinock by name, is an employe of the Standard company. The reports show that Rhinock has inspected 10,016 barrels of oil shipped into Indiana; and Green, the Cleveland deputy, 2,200 barrels, all in one year. The Standard Oil company supplies the oil market in Indiana. Two of its principal shipping points are Cleveland and Cincinnati, where deputies Green and Rhinock live. It is a remarkable fact that out of the 32,000 barrels of oil inspected by these two men last year not one barrel was rejected because it did not fulfill the legal requirements. The matter has created quite a stir among the officials, and Young promises to get after Hagen. The office is worth fully $5,000 a year.

President Sadi-Carnot.

PARIS, Dec. 5.—Marie Francois Sadi-Carnot, the new president of France, is of distinguished family, who have been prominent since the days of the old Napoleon. M. Sadi-Carnot, who was Saturday elected president, was born in 1837. He was under secretary of public works under DeFreycinet in 1878, minister of public works under Ferry in 1880, minister of finance in 1882, and was again minister of finance under DeFreycinet in 1886. He has had the confidence of all groups of the republican party and has made a good record in office.

The election of M. Sadi-Carnot is better received in German official circles than would have been that of M. DeFreycinet or M. Ferry. The new president is considered by the Germans to be a feeble man, and one who would be unwilling to consent to complications which might bring about an European war. It is also believed that he will be unable to make alliance against Germany. His personal preferences are for a neutral, pacific policy, and he will try to govern through a ministry with the same tendency.

Failure at Lafayette.

LAFAYETTE, Ind., Dec. 5 —Samuel P. Fraley, broom manufacturer, made an assignment to Wil R. Wood for the benefit of his creditors. The assets are for the benefit of his creditors. The assets are estimated at $1,500, and the liabilities, $3,000.

SIMPLICITY of character is the eternal results of profound thoughts.

A Boon

To mankind, said a member of the State Medical Society of Ga., at one of its meetings, "and the prescription ought to be given to the medical fraternity for the benefit of the Profession, for no such combination exists in the Pharmacopea as that of Simmons Liver Regulator." The late THOS. H. POWERS, of Philadelphia, America's greatest chemist, asserted "it was like the discovery of Dover, in his celebrated Dover's Powder, it could not be improved and it was wonderfully strange that the combination had never been made in an officinal form."

L. M. HINTON, M. D., Washington, Ark., says: "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action and at the same time aid (instead of weakening) the digestive powers."

Symptoms such as bitter or bad taste in the mouth; pain in the back, often mistaken for Rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick yellow appearance of the skin and eyes; a dry cough often mistaken for Consumption, indicate Liver disease, and if not regulated in time great suffering, wretchedness and death will often ensue.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at **$1.00,** or Six Bottles for **$5.00.**

CURIOUS FACTS.

A YOUNG Mexican girl is soon to appear in the arena as a bull-fighter.

LOCOMOTIVES to the number of 25,037 in the United States killed 1,426 railroad employes the past year, and wounded 6,548. Nearly one-half these accidents occurred in coupling cars.

THERE is a watch in a Swiss museum only three-sixteenths of an inch in diameter, inserted in the top of a pencil case. Its little dial indicates not only hours, minutes, and seconds, but also days of the month.

THE building of railroads in Mexico has been accompanied by a singular phenomena. Wherever the rails are laid rain follows, and where there are no rails there has been a drought. The fact is said to be well authenticated.

DEATH VALLEY, Nevada, is to be turned into an ostrich ranch. A Mexican has fourteen well-grown chicks that he hatched out there at his little ranch from eggs brought from the neighborhood of Los Angeles. The eggs were buried in the hot sand, and of nights the ground was covered with blankets to retain the heat it absorbed during the day. The ranch is about 220 feet below the level of the sea.

AN astonishing firearm has been introduced in France. It is of French origin, and is wonderful in the results obtained. At 3,000 feet distance 98 per cent. of the balls hit a number of baskets representing a company of soldiers. Col. Lebel, the inventor, stood within ten feet of a target while one of his friends fired at it 6,000 feet distant.

A CASE of poisoning by nutmeg is recorded in the *British Medical Journal*, in which one nutmeg had been eaten by a patient as a cure for diarrhœa. It caused him to become giddy, stupid, and very drowsy all next day. The narcotic properties of these seeds, and of others of the same natural order, do not appear to be generally known, and seem worthy of investigation.

TWO INTERESTING physical experiments are amusing French scientific men. In the first a lighted candle is placed behind a bottle and the latter is blown upon with the breath from a distance of about a foot. The meeting of the air currents set in motion around the bottle quickly extinguishes the flame, though extinction would be impossible if a flat board or sheet of cardboard should be substituted for the bottle. For the second experiment two bottles are placed on a table, with a space of half an inch between them. The candle is set behind this space, and from the same distance as before, on the opposite side, the breath is blown smartly against the flame. Not only will the latter continue burning, but it will incline slightly toward the operator as if through the effort of suction. This phenomenon, analogous to the first, is due to the fact that a portion of the air cannot pass between the bottles, and is forced around them and back toward the experimenter.

Enforcing Strict Discipline.

When Julius Mohl, the professor of Sanscrit in Paris, was obliged to enter the National Guard, he mastered the 287 articles of war. Then he used them constantly to thwart his officers, who were ignorant of their provisions, and thus made himself so obnoxious to them that they turned him out of the Guard—which was precisely what he wished to bring about. The law authorized the officers to call out the members of the National Guards for twenty-four hours' duty, but they used to add to this two hours extra, calling them out two hours before the duty began for drill and parade.

Mohl knew this, and, not liking it, used to present himself two hours after the appointed time. One day he thus presented himself ready to fall in when the parade was over and the Nationals dismissed to their respective posts.

"Why did you not come before?" asked the Colonel, seeing Mohl standing at his ease.

"Because," answered Mohl, "the law only allows you to call me out for twenty-four hours, and as I know you will not send me away before 11 o'clock to-morrow, I have not come before 11 o'clock to-day."

"The National Guard will destroy itself by reasoning!" exclaimed the Colonel, angrily.

"Well, then it will be destroyed by its natural enemy," replied Mohl.

"I will give you double guard duty," said the officer, and he ordered him to stand at the gate of the Tulleries for four hours, instead of two. Mohl himself must tell the final result:

"Well, then I went, and as there were a great many of my friends going to and fro there, I began talking with them, when a little gentleman, with a fine cane, begins a conversation with me.

"'Well, National, it is a fine day. How do you like being on guard?' and after a word or two he says, 'You don't seem to know me.' I say, 'I have not the honor of your acquaintance.'

"Says he, 'I am the Colonel of your regiment.'

"Says I, 'I am the National Guard whom you ordered to double duty this morning, and if you are a Colonel (he was in plain clothes), you ought to know that it is an offense to speak to a sentry on his post, and I therefore arrest you for it, and will trouble you to walk into my sentry box till the corporal comes around to let you out.'

"'Ah,' he says, 'that is a joke.'

"'Is it?' says I. 'I never joke but with the bayonet. Go into the sentry box, or the soldier opposite will put his hand on your collar and put you in.'

"He did not like this at all, as he was one of the fine gentlemen of Paris—the Duc de Grammont, I think—and he did not like to stand like an ape behind me in my sentry box, for all his fine friends to laugh at as they passed.

"What could he do? He had before him a man with a gun in his hand, with the law on his side, for he was in the wrong, and his mortal enemy. He made a great fuss about it, and at last I let him go, telling him he had better not be so strict to other people another time. After that I was never called out to do duty again.—*Youth's Companion.*

POPULAR SCIENCE.

THE amount of force exerted by heat and cold in expansion and contraction of metal is equal to that which would be required to stretch or compress it to the same extent by mechanical means.

IN addition to supplying crops with the necessary moisture, rain has a distinct manurial value. At Rothamsted, the well-known farm of Sir John B. Lawes, it has been shown that, with an annual rainfall of little less than thirty-two inches, each acre of land receives every year in the rain water over fourteen pounds pure chlorine, seventeen pounds of sulphuric acid, and between two and three pounds of ammonia.

IN one of his lectures before the Royal Institute, London, Prof. Lodge illustrated the lately discovered fact that smoke and dust are removed by electricity by exhibiting a couple of glass jars filled with smoke and dust, and which were instantly rendered clear by discharging through them a current of electricity. He makes the interesting suggestion whether a similar discharge of electricity, on a large scale, over London would be as effective.

ALFRED CARPENTER, of the Marine Survey Office, Bombay, has observed Macacus monkeys on the Island of South Burmah opening oysters with a stone. They bring the stone from high water mark down to low water, selecting such stones as they can easily grasp. They effect the opening by striking the base of the upper valve until it dislocates and breaks up. They then extract the oyster with the finger and thumb, occasionally putting the mouth straight to the broken shell. The way they have chosen is the easiest way to open the shell.

THE interesting statement is made in the last municipal reports of the corporation of Chelsea, near London, that, contrary to what has generally been assumed in the relations of occupation and health, the sewermen of that place show marvelous health and vitality, notwithstanding they spend seven hours daily in the sewers, often in cramped up positions, dealing with offensive and dangerous matter. One of the sewermen, who is now pensioned off, is 80 years old, and was a sewerman for more than twenty-eight years; another who is yet at work is 74, and has followed his occupation more than thirty years.

IT is asserted by Mr. Ashburner, the geologist, that not only is natural gas not a modern or recent discovery, but that even its utilization for the purpose of the mechanic arts was long ago successfully attempted in China, where, by pipes of bamboo, it was conveyed from natural wells to suitable furnaces, and by means of terra-cotta burners of suitable size and construction was consumed. Of its origin, concerning which so many diverse theories have been advanced, Mr. Ashburner is strongly of the opinion that the gas arises from the decomposition of forms of animal or vegetable life imbedded in the rocks in certain situations.

Prophylactic in Sickness.

"Typhoid Fever has broken out here here again, but wherever Darbys Prophylactic Fluid has been freely used there has been no fever."—M. B. Lancaster, P. M., Ed. Central Alabamian.

"The Fluid is not merely a deodorizer, but a disinfectant—a destroyer of the disease germs in an atmosphere which cannot be breathed without danger."—New York Evening Post.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

INFANTILE

SKIN DISEASES

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched, and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and today he is a strong, healthy, child perfectly well, no repetition of the disease having ever occurred.

THOUSANDS OF CHILDREN.

Are born into the world every day with some eczematous affection, such as milk crust, scall head, scurf, or dandruff, sure to develop into an agonizing eczema, the itching, burning and disfiguration of which make life a prolonged torture unless properly treated.

A warm bath with Cuticura Soap, an exquisite Skin Beautifier, and a single application of Cuticura, the Great Skin Cure, with a little Cuticura Resolvent, the New Blood Purifier, is often sufficient to arrest the progress of the disease, and point to a speedy and permanent cure.

Hence, no mother who loves her children, who takes a pride in their beauty, purity and health, and in bestowing upon them a child's greatest inheritance,—a skin without a blemish and a body nourished by pure blood—should fail to make trail of the Cuticura Remedies.

Sold everywhere. Price: Cuticura, 50 cents; Cuticura Soap, 25 cents; Cuticura Resolvent, $1.00. Prepared by Potter Drug and Chemical Co., Boston, Mass.

CONSTITUTIONAL CATARRH.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing the human voice, the mind,—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and *neutralizing the constitutional* tendency of the disease towards the lungs, liver and kidneys.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, price $1.

The horse of Frank McCulloch's ran away in the south part of the city yesterday, but did not do much damage.

The Germania assembly of the Knights of Labor will give another musical entertainment at their hall to-night.

Mr. August Bruder is at home from Mt. Clemens, Mich. He is still a sufferer from rheumatic gout, but will soon be himself again.

Wm. Davis was fined for drunkenness at police court this morning. The mayor let Frank Shell go on a promise of better behavior.

Diederich Broecking has been given a permit to build a one and one-half story frame house on lots 13 and 14 in Wall's addition for $700.

The Catholic Knights met yesterday and arranged to participate in the festivities attendent on the dedication of St. Mary's Catholic church next Sunday.

Workmen are casing the gas well on the Peltier farm preparatory to sinking it to the second layer of Trenton rock. The work of sinking the well on the Brookside farm goes on swimmingly.

Harvey Fitch's farm residence, one and a half miles east of Huntertown, was burned with all the contents Thursday night; loss $1,000. The house was insured for $600 and the furniture for $400.

The election of Mr. J. C. Kensill as post commander of Anthony Wayne post seems to have given universal satisfaction to the veterans of both of the Grand Army posts of the city, and is a deserved compliment to one of the bravest soldiers of the late war. "Jack" was always a great favorite among the "rank and file," and we bespeak for him a successful and popular administration as post commander.

The plans and specifications for the new church edifice of the St. Paul's Lutheran church, on Barr street, were submitted to the congregation yesterday by the architects, Wing & Mahurin. The work upon the new temple will commence early in the spring. It will cost $50,000 and will have a seating capacity of 1,450, with a gallery. The new church will be of modern gothic architecture in style with a center spire. It will stand near the site of the old church, fronting directly opposite the head of Madison street.

Mrs. Erdumutha Vogel died at 5:10 o'clock Saturday evening, at the residence of her daughter, Mrs. Caroline W. Phillips. She was the mother of the late Frank B. Vogel and the late Mrs. Eirestine Stenner, and a pioneer resident of Fort Wayne, who was dearly beloved by those who knew her best. Her death was the result of dropsy and her age seventy-six years. The funeral will take place Wednesday morning at 9 o'clock from the house of her daughter, Mrs. Phillips, No. 121 West Main street.

The following gentlemen, Messrs. J. H. Kellogg, 86 East Jefferson street; F. P. Shepler, Zanesville, Ind.; Joseph G. Voors, 175 Wells street; Joseph Westhoff, publisher of the *Welthuerger*, city; Louis Hazzard, 39 Marion street, were the ones selected to supervise the award of the Grand Piano presented by Messrs. Sam, Pete & Max to the holder of ticket No. 16, the committee having decided that the fifteenth ticket drawn should take the prize, and the following numbers, 5,809, 6,116, 1,766, being the alternates to take the prize in their order, should the first number not appear in sixty days. d&wtf

The great melo drama "Lights o' London" comes to-morrow night.

Sol. D. Bayless lodge, F. and A. M., will confer the M. M. degree this evening.

The Centlevre bewery will establish a storage and ice house for beer, at War saw.

Mr. Al. Knabe, proprietor of Knabe's bazaar, visited his old home at Richmond yesterday.

H. V. Sweringen, M. D., was called to Bluffton to-day, in consultation in a case of typhoid fever.

Duncan Irwin, son of Dr. J. S. Irwin, has accepted a position in the general office of the Pennsylvania company.

The telegraph pole injunction suit will be called in the circuit court to-morrow by the attorneys for the Western Union company.

Mr. Walter Nirdlinger, of Toledo, was in the city yesterday, visiting his grandmother, Mrs. D. Zekind, on West Jefferson street.

The "Soggarth," the new Irish drama to be seen in this city Thursday next, is booked for all of next week at Hooley's theatre, Chicago.

The funeral of Mrs. C. F Henker took place yesterday afternoon from the residence, on Montgomery street, and was very largely attended.

Mr. Herman Hilker, the clerk in the Fruit House, was doing the customary honors on Saturday evening over the arrival of a new boy at his home.

"The Soggarth" carry their own special scenery, which was painted by the celebrated artist, Phil Goatcher, of Wallack's theatre, New York.

Alice Harrison and her party played to a meagre audience at the Temple Saturday night. They opened at the Windsor theatre, Chicago, last night.

Mr. L. M. Fleming, a member of the warden's staff at the prison north, spent Sunday with his parents, in this city, and went to Marion, Ind., this morning.

Rev. Father Delaney preached an eloquent and very interesting sermon at the Cathedral yesterday. The young priest will yet distinguish himself in the pulpit.

Thomas J. Hutchinson, formerly a councilman from the Fifth ward, and time keeper for many years at the Pittsburg shops, is now an inmate of the county poor house.

Bruce Portius, the pleasant clerk at the Fruit House, is nursing, not one of Job's comforters, but a scalded foot and it would probably be in order for Bruce to rise and explain the cause.

The funeral of Mrs. Peter Gable will take place from her late residence, No. 40 Madison street, Tuesday afternoon, at 1:30 o'clock. Friends of the family are invited without further notice.

Mrs. N. Schlessinger and her daughter, Miss Rose Schlessinger, left on Saturday for Huntington to remain until after the wedding of Miss Rebecca Levi, which occurs at that place on next Wednesday.

The city hall injunction case will be heard next Saturday. There have been no bids for the second ward engine house property and the prospects of erecting a city building on Barr street next summer are not flattering.

The funeral of Henry Miller, the young man who was brought here from Decatur, took place yesterday afternoon from the residence of his parents, on West Washington street, and was quite largely attended. The young man had many friends in this city.

In the fire that destroyed the Strobridge printing company's establishment in Cincinnati, Oliver Byron is reported to have lost $4,700 worth of lithographs and printing, including all of his "Soggarth" paper, and about one-third of that for "The Inside Track."

In the circuit court John B. Kelly has brought suit for divorce against Rachel A. Kelly. The parties reside in Wayne township. Judge S. M. Hench filed the complaint. Mrs. Kelly filed a racy cross complaint and charges her husband with adultery and abandonment. He cannot sell his property until the case is heard.

A majority of the board of directors of the Atlantic and Mississippi Railway company, a promised Fort Wayne line, met at Lafayette Saturday to transact business relating to the interests of the new road. Those present at the meeting were: J. H. Cable, of Lafayette; Hon. Samuel Harding, of Kirklin; Dr. Boyd and John Higgins, of Thornstown.

Lillian Conway, of the "Sogarth" company, is a daughter of the celebrated F. B. Conway and wife, at one time manager of the Park Theatre, Brooklyn, and a niece of the well-known tragedienne, Mrs. D. P. Bowers. She was educated for the operatic stage and last season headed the Lillian Conway Opera company. Her singing of Gounod's "Ave Maria" is said to be one of the features of the performance.

Mr. Geo. E. Small, formerly of Marion township, and now residing in Archer's addition, on St. Mary's avenue, held ticket 4,169, and was presented by Messrs. Sam, Pete and Max, the people's clothiers, with the valuable city lot, corner Spring street and St. Mary's avenue.

Deputy County Treasurer Cas Hunter is at his desk.

The hog cholera is said to be raging in some parts of Lagrange county.

Yesterday was a Sunday of clouds and sunshine in which the clouds, however, won the day.

Mr. Absolom Bayless, of 88 Force street, died this morning. The funeral will take place to-morrow afternoon.

Mr. and Mrs. C. R. Higgins and Mr. Mrs. Josh Williams attended the funeral of Mr. Higgin's brother at Delphos Saturday.

The four locomotives recently leased by the Wabash company to the N. Y., P. and O. railway, have been returned and released to the Chicago and Atlantic railway.

"The Soggarth," which is described as a romantic Irish love story of the present time, was given its first American production on Thanksgiving day in Troy, N. Y., where it is said to have made a distinct success.

A prominent councilman says that Joe Derheimer's contract to pave Calhoun street with cedar blocks is revoked by limitation of time. He predicts that next spring the council will order that portion of Calhoun street not newly laid with blocks, laid in granite stone.

Mr. and Mrs John Jacobs will leave to-morrow evening for New York City from whence they sail in ten days for Europe. The will be absent from home for a year and while abroad will visit England, Scotland and Germany. Their many friends in this city wish them a pleasant voyage and a safe return.

Miss Pauline Sattler, a young lady seventeen years old, died last night at the home of her sister, Mrs. Paul Bauman, 51 East Main street. The funeral will take place on Wednesday afternoon at 130 o'clock from the United Brethern church.

Catarrh Cured

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." I. W. LILLIS, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ABBEY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion;* 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

TURPIE SWORN IN

And Congress Convenes With Due Pomp and Regularity—The Officers of the House.

WASHINGTON, Dec. 5.—It is said that the senate committee on privileges and elections have been in informal consultation and reached a conclusion to make no opposition to the admission of Turpie of Indiana, but to object to the admission of Faulkner, of West Virginia, on the ground that there were conflicting credentials from that state.

The general opinion was that there would be no dead-lock and that the usual course of the opening proceedings would not be broken. The galleries of the senate were early crowded and to overflowing. Mrs. Cleveland, accompanied by several lady friends, occupied the seats reserved for the family of the president.

The proceedings opened with prayer by Chaplain Rev. J. G. Butler. The president of the senate, Mr. Ingalls, then called the senate to order. He said he would now place before the senate the certificates of election, certificates of appointments and other papers received since the adjournment.

In swearing in the senators-elect, Senator Hoar made an objection to the administration of the oath to Faulkner, of West Virginia, until certain questions to which his credentials gave rise could be passed upon by the committee on privileges and elections. The senator from Massachusetts said this seemed eminently appropriate, and this course was followed. The oath was administered to Turpie, of Indiana. All papers of the case were referred to the committee on privileges and elections.

HOUSE.

Long before the hour of noon the galleries of the house were crowded to the utmost capacity. The ladies were in the majority. At noon the clerk of the house called the body to order and was about to call the roll when a salvation army crank in the gallery started a Salvation Army hymn, which he sang lustily till ejected by the door keeper.

1:30 p. m.—The house having elected Carlisle speaker, that gentleman made a speech of thanks in which he dwelt with much stress upon the imperative necessity of such a moderate and reasonable reduction of the tariff as would guarantee the laboring people against the effects of financial depression, and at the same time not deprive them of any part of the just rewards of their toil. The work of organizing the house then proceeded.

Clark, of Missouri, was elected clerk of the house, Dalton, of Indiana, was chosen postmaster, Leedom, of Ohio, sergeant-at-arms and Hurt, of Mississippi, doorkeeper.

W. J. CRAIG.

The Editor of the Indianapolis Sentinel Arrested for Libel—Two Big Failures.

INDIANAPOLIS, Dec. 5.—The *Sentinel* to-day charged Phil Rappaport, editor of the *Indiana Tribune*, with making an anarchist speech yesterday. Rappaport caused the arrest of W. J. Craig, editor of the *Sentinel*, on a charge of criminal libel.

INDIANAPOLIS, Dec. 5.—Theodore Pfaflin & Co., dealers in musical instruments, have failed. Liabilities, estimated, $7,550; assets, unknown. John Church & Co., of Cincinnati, have charge of the stock.

CINCINNATI, O., Dec. 5.—The Hodgen commission company whose main office is in Louisville, with branches at Evansville, Indianapolis, Chicago, Pittsburg, Cleveland and Baltimore, have failed. Liabilities, $150,000; assets, $40,000.

Charles Strawbridge, the genial clerk at the Bass works, is to-day possibly the happiest of men as his wife presented him with a bouncing boy baby weighing all the way from ten to fifteen pounds last evening. In passing us on his way home he handed us a box of thirty-nine cigars and yelled out: "Take one. Oh! take them all." Wm. Rodgers, the assistant foreman, of the Pittsburg boiler shop, (his father-in-law) leaped with joy when he heard the news, swung on his overcoat and bid the boys "go and take something" with "Uncle Billy."

Strike Ended.

CHICAGO, Dec. 5.—Typographical Union No. 16 held a special meeting yesterday and declared the strike of the job and book printers for nine hours for a day at an end. Four hundred strikers were ordered to return to their cases this morning on a basis of ten hours a day, for $18 per week.

WASHINGTON, Dec. 5.—Indiana, colder, followed by warmer, generally fair weather.

PRESIDENT SADI-CARNOT

Will Not Form a Cabinet Until He Consults the Leaders.

PARIS, Dec. 5—President Sadi-Carnot, at his reception to the retiring Rouvier cabinet last evening, thanked them for patriotic devotion they had shown during the recent crisis. He said he would not form a cabinet until after he had consulted with the presidents of the senate and the chamber of deputies and the chiefs of the republican groups.

NEW ST. MARY'S.

The Program for Its Dedication Next Sunday.

The new St. Mary's church will be dedicated next Sunday by Rt. Rev. Bishop Dwenger. Rt. Rev. Bishop Rademacher, of Nashville, will sing the Pontifical Mass; Very Rev. J. H. Brammer, V. G., will be the assistant priest; Very Rev. A. B. Oechtering, dean of the Mishawaka district, will be deacon of the mass; the sub-deacon has not yet been named. Rev. J. F. Lang, chancellor of the diocese, will have charge of the arrangements and be first master of ceremonies. Rev. Father Faller, first pastor of St. Mary's, has been invited and is expected to be present. If he comes, he will act as chaplain to Bishop Dwenger. The choirs of St. Mary's and of the Cathedral will be aided by an orchestra. They will sing Brosig's mass, Rt. Rev. Bishop Dwenger will preach in English, and will be followed by Rev. T. M. Abbelen, of Milwaukee, who will give a brief address in German.

All the societies of the several Catholic churches of the city will form in procession at the Library hall and march to the new church. The services will begin at 10 o'clock, sharp.

Save your tickets. On the first of each month, till April 1st, a grand gift will be presented by Messrs. Sam, Pete & Max to one of their patrons; whilst daily, till April 1st, thousands of valuable gifts will be distributed.

UNDER THE DEBRIS.

An Explosion Wrecks the Boiler House and Buries the Fireman in the Ruins at Hubbard, O.

YOUNGSTOWN, Ohio, Dec. 5.—One of a battery of eight boilers exploded at the Hubbard iron mills, at Hubbard, Ohio, about 4 o'clock this morning, wrecking the boiler house and terribly scalding the fireman, W. Siefert, who was buried under the debris. His condition is critical. No one else was injured.

LOCAL NEWS.

The funeral of Mrs. Catherine Ossaforth took place this morning.

The several trades unions are about to organize a local council of trades unions.

Mrs. Christ Wenninghoff, the cigar manufacturer, went to Decatur this afternoon.

Mr. and Mrs. S. M. Blount, of Wabash, are guests of Mr. and Mrs. J. F. Beegan.

Mr. and Mrs. Frank Lightfoot have returned from a visit to their relatives at Falmouth, Ky.

The Gattling Gun squad hold a meeting to-night and will receive six new members into their organization.

Mr. T. P. Keator is at home from Pennsylvania, where he delivered a series of lectures on his travels abroad.

The Typographical union had an election of officers yesterday. Mr. D. C. Gardner was elected president, and C. C. Casterline, vice-president.

John, the two-year-old son of Mr. John Welch, living at No. 17 Brandriff street, died yesterday of inflammation of the bowels. The funeral will take place to-morrow afternoon.

Rev. Father Koenig, Dr. Zardetti, Rev. Fathers Koerdt, Hartman, Moench and Ellering went to Columbia City to attend imposing religious services in the Catholic church at that town.

The regular cottage meeting of the railroad department Y. M. C. A. will be held in their rooms, No. 245 Calhoun street, on Tuesday evening, Dec. 6. These meetings are free to all. Come and welcome.

Mrs. A. Reinhardt, of Chicago, is the guest of her daughter, Mrs. Sam S. Fisher, of West Wayne street. Last Thursday Mrs. Fisher gave an elegant reception to her lady friends, and it is pronounced a social event.

Mrs. Matilda Gable, the wife of Peter Gable, a machinist in the Fort Wayne iron works, died of cancer yesterday at her home, No. 40 Madison street. Her age was thirty-nine years. The funeral will take place to-morrow afternoon.

Mr. August LeGraw, a popular letter carrier, celebrated his birthday anniversary yesterday by giving a banquet to the postoffice boys, at his pleasant home on Spy Run avenue. Postmaster Keough was master of toasts. The occasion was a very merry one.

Judge Chapin was at Auburn last Saturday and assures us that the natural gas vein discovered up there increases in volume as the explorations extend towards Fort Wayne. Auburn is but twenty miles away and who knows but the field is closer to us?

Mr. L. P. Huntoon proposes to compile and arrange a new map of Allen county. Mr. Huntoon has had much experience in engineering. He has served under Surveyor O. B. Wiley, did service for the Nickel Plate company and last summer was assistant engineer at Lima, Ohio.

The following item from the Marion *Chronicle* gives an idea of how the manufactories are seeking the "gas belt." To compete for the location of new manufacturing enterprises it needs no argument to show that Fort Wayne must have natural gas, and have it quick. The *Chronicle* says: "Every ten pots, in the vocabulary of glass manufacturers, constitutes a factory. Then, counting Stewart & Estey as two, Marion has secured just ten factories since the development of natural gas. This includes the Sheehy cigar factory, the Hulley hame works, the Sparr soap factory, the Marion Lumber company, the Burk & Charles glass factory, the Crosby paper mill, the Stewart & Estep glass works, the bottle factory and the pressed brick works."

There is nothing more elegant for little boys' wear than the Boucle and Stockinet suit which Sam, Pete & Max are selling at $5.00, worth fully $8.50.

A Small Fire.

At 5:20 this morning the fire department was called to the south depot, where the small building used as a storage office by the Adams Express company was on fire. The room adjoins the Pittsburg baggage office and an electric light wire inflamed the roof. The damage was slight, as the department did effective work.

Extra exertions have been made to produce the magnificent display of "our own specialties" in neck dressing. Messrs. Sam, Pete & Max feel satisfied they can suit all seeking "just the proper thing" for the holiday.

HUNTING FOR NEWS.

The Railroad and Manufacturing Establishments Contribute Their Share of Items.

The "Man-Bear" show left this morning on the Wabash for Huntington.

Mr. W. F. Watkins, the purchasing agent of the M., S., St. M. & A. road, was in the city to-day.

Fred Armack has taken a position as machinist in the Pittsburg shops under Foreman Barney Fitzpatrick.

Assistant Master Mechanic Lowe, of the Pittsburg shops at Allegheny City, Pa., is in the city on business.

James C. Hewes, the popular foreman of the Pittsburg boiler shops, is confined to his bed on account of rheumatism.

John Murphy, a machinist in the Pittsburg shops, has returned from Chicago and resumed his position again.

Herman Ragel, who has been at Decatur for a few weeks placing an engine in position for the Bass works, has returned home.

This is pension day and a number of the old veterans in the different manufacturing establishments of the city are filing their vouchers.

Fred Miller, of the Pittsburg freight office, who has been sick with typhoid fever for the last few months, resumed his position in the office to-day.

George Conklin, the lion-tamer, says he will have nothing to do with cross-eyed animals, nor use any other remedy for his coughs and colds by Dr. Bull's Cough Syrup.

James M. Gribben, the popular foreman of the planing department of the Pittsburg shops, is suffering from a sore eye, the result of hot water from the steam pipes in the shops.

Herman Rops, formerly of the Bass foundry, has returned from New Orleans where he has been employed for some time. He has been sick for a few months and will spend the winter here.

C. L. Daseler, the clerk in the Pittsburg car shops, will not be married in January. Christ is determined to live and die an old bachelor, so he says, and we extend him our heartfelt sympathies.

An engine got off the side track of the Pittsburg road at Lima last evening and the wreck train was sent to its assistance. No particular damage was done and it was placed upon the track again in a few hours.

Thomas B. Toomey, the old soldier veteran of the Bass works, has two pay days this month, one on which he draws $36 pension from the government, and the other when he draws his monthly pay from the Bass works.

James Wooff, of the Pittsburg machine shops, who returned to work a few days ago, after having been afflicted with rheumatism for some time, has again taken a relapse and is now confined to his bed with the dread disease.

Arthur Pearly, who is in the employ of the Adams Express company, at the south depot, recently received a deserved promotion. Arthur is a graduate of the university at Detroit, and his genial, pleasant manner and ability is gradually pushing him up the ladder of fame.

J. E. Keech, the machinist in the Pittsburg shops, was off duty on Friday, and our reporter did not discover the cause of his absence until this morning, when it leaked out that a bright-eyed ten pound boy had put in an appearance at his house. John is happy and is doing the customary honors over the event.

Mr. G. L. Potter, the master mechanic of the Pennsylvania company's shops in this city, occupies a responsible and trustworthy position for one of his age. He is only twenty-seven years old, and yet for the last three years he has been the assistant master mechanic of the shops and has discharged the duties in such a manner as to win from the company his promotion to the position of master mechanic. Mr. Potter came to this city in 1882 from Renovo, Pa., where he learned the machinist trade and put in over five years in the service of the company as machinist and draughtsman. For two years after coming to this city he was entered on the pay rolls as a draughtsman, when in 1884 he was promoted to to the position of assistant master mechanic of the shops, which position he held until his recent appointment as master mechanic in place of Mr. F. D. Cassanave, promoted. Mr. Potter is an untiring and faithful worker, and gives every department of of the great Pittsburg shops that attention which the duties of his responsible office deserve. He is courteous, pleasant and yet firm, and is popular among all the employes of the Pennsylvania company, and seems to have a future before him that is brilliant and promising.

KNIGHTS OF LABOR.

The Provisional Committee Advise the Reconstruction of the Machinery of the Order.

PHILADELPHIA, Dec. 5.—The provisional committee of Philadelphia, representing the Knights of Labor of this city and former knights, including the expelled carpet workers, who are dissatisfied with the general management of the order, have issued a circular to the rank and file of the order of the Knights of Labor and others.

It announces a necessity for the reconstruction of the machinery of the order, while holding fast to its principles and then proceeds to lay certain rules for the reformation. The methods suggested for effecting the purification include a strict preservation of the autonomy of trades; the limitation of the powers of the general officers, making them advisory or supervisory; the avoidance of strikes by invoking the law, the abolition of the salaries of officers and payments except for services actually rendered, the discouragement of extravagance, the encouragement of political action to enforce the principles of the order and the discouragement of personal politics, having for their object the advancement of individuals.

TROUBLE ON THE WABASH.

A Miscreant Fires a Load of Shot at a Flying Train—Two Crooks Arrested.

Yesterday afternoon, as the east-bound fast train on the Wabash was nearing Elston, near Lafayette, some drunken hunter or malicious miscreant fired a load from a shotgun, the charge striking a coach, defacing the palatial wood work of the car. The shot fired was a glancing one, a portion of the load striking a window pane, but failed to break it. The report of the gun was heard distinctly.

At 8 o'clock last night two crooked characters, who gave their names as R. H. Thompson and William Clouse, were arrested by the Wabash yard watchman at Lafayette, at the junction for breaking into a Wabash car loaded with merchandise, westward bound and are in jail at Lafayette.

Foreign.

LONDON, Dec 5.—The *Times*, in commenting on the election of Sadi-Carnot to the presidency of France, says: "For the present republicans are united and able to show a firm front against monarchist intrigues and anarchist outbreaks, but M. Sadi-Carnot holds his position at the mercy of a parliamentary vote.

VIENNA, Dec. 5—All the Austrian and Hungarian subjects employed in the Russian province, bordering on Galicia and Bukovina, have been ordered to quit the Russian territory before January 13.

LONDON, Dec. 5.—Lord Lyons, whose serious illness was announced recently, is dead.

ST. PETERSBURG, Dec. 5.—The papers here approve the election of M. Sadi-Carnot as president of France.

BERNE, Dec. 5.—The counsel of the state has elected M. Gavard, of Geneva as president and M. Schenk, of Schaffhausen, vice-president of Switzerland. They are both radicals.

A Steamer Burned.

CHATHAM, Ont., Dec. 5.—The passenger steamer C. H. Merritt, plying between here and Detroit, was burned this morning. It was owned by G. B. Merritt, Samuel Barefoot and Captain Comette. It was valued at $18,000 and insured for $800. The cause of the fire is unknown.

Elaborate designs in satin and silk embroidered and hand painted braces and suspenders, shown only by Sam, Pete & Max, outfitters for the holidays.

Fire at Marion.

MARION, Ind., Dec. 5.—Robert J. Spencer's two-story building, occupied by Hale & Rettig as a livery stable, and by Charles Vangorder as a 'bus barn, was destroyed by fire. The total loss is about $6,500. Insurance, $2,500.

The superb chamber set of magnificent furniture will be presented by Messrs. Sam, Pete & Max, to one of their patrons, February 1st.

Fatal Accident.

At Plymouth, Ind., this morning, the Pittsburg and Fort Wayne accommodation train backed down on a gang of Vandalia section men who were at work where the railroads cross each other.

Mike Sullivan was instantly killed and John Schoner so badly hurt that he is not likely to recover.

Dr. George B. Stemen, of this city, was summoned to attend Mr. Schoner.

Seldom have our people been offered such a complete display of gents' and boys' gloves and mitts as Messrs. Sam, Pete & Max are showing as holiday novelties.

January 2d is the date set for the presentation of the fine pony buggy, by Messrs. Sam, Pete & Max, to one of their patrons.

MASON & HAMLIN ORGANS

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world. Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition of the best makers of all countries, they have invariably taken the highest honors. Illustrated catalogues free.

PIANOS. Mason & Hamlin's Piano Stringer was introduced by them in 1882, and has been pronounced by experts the "greatest improvement in pianos in half a century."

A circular, containing testimonials from 200 purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant.

Letter From the Assistant Foreman of the Delivery Department—A Subject in Which Thousands are Deeply Interested.

About five years ago I suffered from pain, fullness of head, great pain and weakness in the lower part of my back, pain in the limbs, bad taste in the mouth, disgust at food, and great mental and bodily depression.

I live at 211 York street, Jersey City, and on arriving home one night I found a copy of the Shaker Almanac that had been left during the day. I read the article, "What is this Disease that is Coming Upon Us?" It described my symptoms and feelings better than I could if I had written a whole book. My trouble was indeed "like a thief in the night," for it had been stealing upon me unawares for years. I sent for a bottle of Shaker Extract of Roots or Seigel's Syrup, and before I had taken one-half of it I felt the welcome relief. In a few weeks I was like my old self. I enjoyed and digested my food. My kidneys soon recovered their strength, and the urinary trouble vanished. I was well.

Millions of people need some medicine simply to act on the bowels. To them I commend Shaker Extract in the strongest possible terms. It is the greatest, pleasantest, safest and surest purgative in this world. The most delicate women and children may take it. One point more. I have all the more confidence in this medicine because it is prepared by the Shakers. I may claim to be a religious man myself and I admire the Shakers for their zeal, consistency and strict business integrity. What they make may be trusted by the public. W. H. HALL.

MONDAY, DEC. 5, 1887.

FROM the address of Mrs. Tunstall before the convention of the Woman's Christian Temperance Union at Nashville, it is evident that there is alway an abundant supply of fire-water in Indian Territory. The liquor is smuggled in in egg-shells and sacks of flour, and in other ingenious ways, and the government is not as active as it might be in preventing the illegal traffic.

THE Guild of the Iron Cross is a new Catholic organization having for its object the spreading of the principles of temperance, reverence, and chastity. Father Field, of Philadelphia, the guild's chaplain general, has just returned from a successful tour in the West and in Canada, and reports 2,000 members, 117 priests, and seven Bishops connected with the guild.

EDWARD MITCHELL, of Palmyra, Me., was worth a small fortune at one time. He sold his farm to a man who paid a small sum of money down and gave his word that he would pay the rest, but never paid. Mr. Mitchell believed it was wrong to take a note or security when dealing with a neighbor. He has a scheme for keeping a store which shall be left open to all, so that anybody may take what he wants and leave in exchange whatever he may think fair.

A VERY exciting scene recently occurred in the depot at Marysville, Cal. About two hundred Chinamen were on board of the train which came down early in the evening from the north. They had been on board of the cars since leaving Redding without anything to eat or drink. They were given an opportunity to buy what they wanted, and in less than fifteen minutes they had purchased over $100 worth of canned goods and crackers and consumed all the beer in two saloons.

AS TWO well-diggers were sinking well on a farm in Washington Township, Ringgold County, Iowa, at the depth of fourteen feet they began to find white walnuts, well preserved, of which they took out half a bushel. At the depth of sixteen feet they found a log of wood and a pair of deer's horns. The horns were quite soft when first taken out of the ground, but became hard when exposed to the air. The well was dug in a timber country, but one peculiar feature of the case is that there is not a white walnut or butternut tree in the country.

THE war cloak of the royal family of Honolulu is a complete semi-circle made on a foundation of network woven of the fiber of a tree. The feathers are sewed in with a twine made of the same material. It is soft and even as plush, of a beautiful golden orange, shading to silver gray. The feathers were taken from the Oo. But two feathers are used from each bird. It is said to have been generations in making, the feathers and work costing over $1,000,000. The feathers were paid for in pieces of nankeen, four feathers for a piece valued at $1.50. As the feathers are not over two inches long, some idea may be formed of the number required for a garment of this size. When Kalakaua was crowned in 1883 he wore this robe for his coronation, making the ninth king who has been so adorned.

THERE is a story that is going around in the French papers about the Czar. While he was stopping recently in the Castle of Fredensborg he was fond of taking little walks in the neighborhood. One day he was accosted by a beggar woman with a child in her arms. In pure Danish and in the roughest manner possible he told her to go away and to be pretty quick about it. The poor woman, terrified, started off, but was followed by an officer. "Here, my good woman," said the officer, as he put some pieces of gold into her hand, "it is the Czar who sends you this, and he hopes that you will forgive his apparent rudeness of a moment ago. The fact is, he has just returned from a visit to his children, who have the scarlatina, and he was afraid that he might bring the contagion to your child, if he allowed you to approach his person."

THREE years ago Mrs. George Winter, of Cincinnati, while eating, let slip a piece of bone down her windpipe. She suffered great agony, as it had lodged in one of her lungs. Hemorrhages succeeded each other in rapid succession. Her coughing spells were continuous and wasted her from a robust woman to a mere skeleton. On a recent morning, as usual Mrs. Winter awoke with a terrible spell of coughing, followed by a hemorrhage. Suddenly she felt a gradual rising pain on her left side. The stinging pain rose higher and higher, until all at once she felt a hard substance emerge from her throat and fill her mouth. Spitting it out upon the floor, like a revelation it struck her that this was the bone she had swallowed three years ago. A closer examination proved that she had discharged the bone.

REV. D. S. KENNEDY

Delivers an Interesting Sermon Upon One of the Social Questions of the Day.

Last evening, at the Third Presbyterian church, Rev. D. S. Kennedy, the pastor, preached an able and eloquent sermon upon the subject, "The Capable Woman." It was a magnificent address and contained so much of good thought upon the subject that we should be glad to give an outline of it if space permitted and were such a task in our power.

The woman of heathen nations, he said, was a slave, a burden bearer, and it was only the revolutionizing and Christianizing influences of the gospel that had given her that position in society and the world which she occupied to-day and which was rightfully her's. Her character is one of love, gentleness and purity. She was the queen of the household and the educator of the young and upon her the character of the future citizen depended. Her true sphere was the household, or in such occupations in which she had the moulding of character, and he deprecated any attempts to take this mission from her by forcing her into other spheres and occupations of life. They would rob her of the noble attributes which were her crowning virtues for good, and endow her with such manly qualities as to make her life one that God and the bible did not intend her to lead. The reverend gentlemen was undoubtedly opposed to woman suffrage and seemed to speak in strong language against her entering many of the business avocations of life.

It was her duty, he said, to make home life pleasant, attractive and comfortable. If that duty was performed properly by every mother and wife, sons could be raised moral and upright and husbands could be kept from the paths of immorality and vice. Let her think less of society and dress and more of family, devote herself more to her husband and sons and we would have citizens who would control the affairs of the state in an upright and God fearing manner.

His address was a practical one, and dealing as it did with one of the social problems of the day, we are sorry that we cannot safely trust to memory to give a more detailed account of the many good points that he made upon the subject in the course of his sermon. He believes that it is the duty of the minister to deal with these social questions of the day, and the position that he takes in this regard is undoubtedly a good one. Let the ministry of the city talk to their congregations upon live subjects, questions of to-day, and not preach to them every Sunday upon something that occurred two, three and six thousand years ago, and they would not talk Sunday after Sunday to empty benches and sleeping attendants.

A LUBRICATED STORY.

An Oil Inspection Dispute Between Indiana Officials—Bribery Hinted At.

INDIANAPOLIS, Ind., Dec. 5.—A grand fight between Andrew Hagen, democratic coal oil inspector, and Mr. W. H. Young, of Richmond, his deputy for the Sixth congressional district, has developed some remarkable facts. Last May sixty barrels of oil from the Monarch oil station of Cincinnati, bearing Hagen's official seal of inspection, were received at Richmond; but when Young tested the oil he found it thirteen degrees below proof, and then came here to see Hagen. Afterward Hagen went to Richmond, rubbed out the marks, and ordered the oil sent back to Cincinnati. He thereupon wrote a very sharp letter to Young, and not long after removed him from office. It has now come to light that Hagen has a deputy in Cleveland and one in Cincinnati, and that his Cincinnati deputy, Rhinock by name, is an employe of the Standard company. The reports show that Rhinock has inspected 10,016 barrels of oil shipped into Indiana; and Green, the Cleveland deputy, 2,200 barrels, all in one year. The Standard Oil company supplies the oil market in Indiana. Two of its principal shipping points are Cleveland and Cincinnati, where deputies Green and Rhinock live. It is a remarkable fact that out of the 32,000 barrels of oil inspected by these two men last year not one barrel was rejected because it did not fulfill the legal requirements. The matter has created quite a stir among the officials, and Young promises to get after Hagen. The office is worth fully $5,000 a year.

President Sadi-Carnot.

PARIS, Dec. 5.—Marie Francois Sadi-Carnot, the new president of France, is of distinguished family, who have been prominent since the days of the old Napoleon. M. Sadi-Carnot, who was Saturday elected president, was born in 1837. He was under secretary of public works under DeFreycinet in 1878, minister of public works under Ferry in 1880, minister of finance in 1882, and was again minister of finance under DeFreycinet in 1886. He has had the confidence of all groups of the republican party and has made a good record in office.

The election of M. Sadi-Carnot is better received in German official circles than would have been that of M. DeFreycinet or M. Ferry. The new president is considered by the Germans to be a feeble man, and one who would be unwilling to consent to complications which might bring about an European war. It is also believed that he will be unable to make alliance against Germany. His personal preferences are for a neutral, pacific policy, and he will try to govern through a ministry with the same tendency.

Failure at Lafayette.

LAFAYETTE, Ind., Dec. 5.—Samuel P. Fraley, broom manufacturer, made an assignment to Wil R. Wood for the benefit of his creditors. The assets are for the benefit of his creditors. The assets are estimated at $1,500, and the liabilities, $3,000.

SIMPLICITY of character is the eternal results of profound thoughts.

A Boon

To mankind, said a member of the State Medical Society of Ga., at one of its meetings, "and the prescription ought to be given to the medical fraternity for the benefit of the Profession, for no such combination exists in the Pharmacopœa as that of Simmons Liver Regulator." The late THOS. H. POWERS, of Philadelphia, America's greatest chemist, asserted "it was like the discovery of Dover, in his celebrated Dover's Powder, it could not be improved and it was wonderfully strange that the combination had never been made in an officinal form."

L. M. HINTON, M. D., Washington, Ark., says: "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action and at the same time aid (instead of weakening) the digestive powers."

Symptoms such as bitter or bad taste in the mouth; pain in the back, often mistaken for Rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick yellow appearance of the skin and eyes; a dry cough often mistaken for Consumption, indicate Liver disease, and if not regulated in time great suffering, wretchedness and death will often ensue.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "gone-ness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Disease, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-Joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery**, and good digestion, a fair skin, buoyant spirits, vital strength, and hearty health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs**, warranted and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terrible fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for all **Chronic Diseases of the**

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

CURIOUS FACTS.

A young Mexican girl is soon to appear in the arena as a bull-fighter.

Locomotives to the number of 25,037 in the United States killed 1,026 railroad employes the past year, and wounded 6,548. Nearly one-half these accidents occurred in coupling cars.

There is a watch in a Swiss museum only three-sixteenths of an inch in diameter, inserted in the top of a pencil case. Its little dial indicates not only hours, minutes, and seconds, but also days of the month.

The building of railroads in Mexico has been accompanied by a singular phenomena. Wherever the rails are laid rain follows, and where there are no rails there has been a drought. The fact is said to be well authenticated.

Death Valley, Nevada, is to be turned into an ostrich ranch. A Mexican has fourteen well-grown chicks that he hatched out there at his little ranch from eggs brought from the neighborhood of Los Angeles. The eggs were buried in the hot sand, and of nights the ground was covered with blankets to retain the heat it absorbed during the day. The ranch is about 220 feet below the level of the sea.

An astonishing firearm has been introduced in France. It is of French origin, and is wonderful in the results obtained. At 3,000 feet distance 98 per cent. of the balls hit a number of baskets representing a company of soldiers. Col. Lebel, the inventor, stood within ten feet of a target while one of his friends fired at it 6,000 feet distant.

A case of poisoning by nutmeg is recorded in the *British Medical Journal*, in which one nutmeg had been eaten by a patient as a cure for diarrhœa. It caused him to become giddy, stupid, and very drowsy all next day. The narcotic properties of these seeds, and of others of the same natural order, do not appear to be generally known, and seem worthy of investigation.

Two interesting physical experiments are amusing French scientific men. In the first a lighted candle is placed behind a bottle and the latter is blown upon with the breath from a distance of about a foot. The meeting of the air currents set in motion around the bottle quickly extinguishes the flame, though extinction would be impossible if a flat board or sheet of cardboard should be substituted for the bottle. For the second experiment two bottles are placed on a table, with a space of half an inch between them. The candle is set behind this space, and from the same distance as before, on the opposite side, the breath is blown smartly against the flame. Not only will the latter continue burning, but it will incline slightly toward the operator as if through the effort of suction. This phenomenon, analogous to the first, is due to the fact that a portion of the air cannot pass between the bottles, and is forced around them and back toward the experimenter.

Enforcing Strict Discipline.

When Julius Mohl, the professor of Sanscrit in Paris, was obliged to enter the National Guard, he mastered the 287 articles of war. Then he used them constantly to thwart his officers, who were ignorant of their provisions, and thus made himself so obnoxious to them that they turned him out of the Guard—which was precisely what he wished to bring about. The law authorized the officers to call out the members of the National Guards for twenty-four hours' duty, but they used to add to this two hours extra, calling them out two hours before the duty began for drill and parade.

Mohl knew this, and, not liking it, used to present himself two hours after the appointed time. One day he thus presented himself ready to fall in when the parade was over and the Nationals dismissed to their respective posts.

"Why did you not come before?" asked the Colonel, seeing Mohl standing at his ease.

"Because," answered Mohl, "the law only allows you to call me out for twenty-four hours, and as I know you will not send me away before 11 o'clock to-morrow, I have not come before 11 o'clock to-day."

"The National Guard will destroy itself by reasoning!" exclaimed the Colonel, angrily.

"Well, then it will be destroyed by its natural enemy," replied Mohl.

"I will give you double guard duty," said the officer, and he ordered him to stand at the gate of the Tuileries for four hours, instead of two. Mohl himself must tell the final result:

"Well then I went, and as there were a great many of my friends going to and fro there, I began talking with them, when a little gentleman, with a fine cane, begins a conversation with me.

"'Well, National, it is a fine day. How do you like being on guard?' and after a word or two he says, 'You don't seem to know me.' I say, 'I have not the honor of your acquaintance.'

"Says he, 'I am the Colonel of your regiment.'

"Says I, 'I am the National Guard whom you ordered to double duty this morning, and if you are a Colonel the was in plain clothes, you ought to know that it is an offense to speak to a sentry on his post, and I therefore arrest you for it, and will trouble you to walk into my sentry box till the corporal comes around to let you out.'

"'Ah,' he says, 'that is a joke.'

"'Is it?' says I. 'I never joke but with the bayonet. Go into the sentry box, or the soldier opposite will put his hand on your collar and put you in.'

"He did not like this at all, as he was one of the fine gentlemen of Paris—the Duc de Gramount, I think—and he did not like to stand like an ape behind me in my sentry box, for all his fine friends to laugh at as they passed.

"What could he do? He had before him a man with a gun in his hand, with the law on his side, for he was in the wrong, and his mortal enemy. He made a great fuss about it, and at last I let him go, telling him he had better not be so strict to other people another time. After that I was never called out to do duty again.—*Youth's Companion.*

POPULAR SCIENCE.

The amount of force exerted by heat and cold in expansion and contraction of metal is equal to that which would be required to stretch or compress it to the same extent by mechanical means.

In addition to supplying crops with the necessary moisture, rain has a distinct manurial value. At Rothamsted, the well-known farm of Sir John B. Lawes, it has been shown that, with an annual rainfall of little less than thirty-two inches, each acre of land receives every year in the rain water over four teen pounds pure chlorine, seventeen pounds of sulphuric acid, and between two and three pounds of ammonia.

In one of his lectures before the Royal Institute, London, Prof. Lodge illustrated the lately discovered fact that smoke and dust are removed by electricity by exhibiting a couple of glass jars filled with smoke and dust, and which were instantly rendered clear by discharging through them a current of electricity. He makes the interesting suggestion whether a similar discharge of electricity, on a large scale, over London would be as effective.

Alfred Carpenter, of the Marine Survey Office, Bombay, has observed Macacus monkeys on the Island of South Burmah opening oysters with a stone. They bring the stone from high water mark down to low water, selecting such stones as they can easily grasp. They effect the opening by striking the base of the upper valve until it dislocates and breaks up. They then extract the oyster with the finger and thumb, occasionally putting the mouth straight to the broken shell. The way they have chosen is the easiest way to open the shell.

The interesting statement is made in the last municipal reports of the corporation of Chelsea, near London, that, contrary to what has generally been assumed in the relations of occupation and health, the sewermen of that place show marvelous health and vitality, notwithstanding they spend seven hours daily in the sewers, often in cramped up positions, dealing with offensive and dangerous matter. One of the sewermen, who is now pensioned off, is 84 years old, and was a sewerman for more than twenty-eight years; another who is yet at work is 74, and has followed his occupation more than thirty years.

It is asserted by Mr. Ashburner, the geologist, that not only is natural gas not a modern or recent discovery, but that even its utilization for the purpose of the mechanic arts was long ago successfully attempted in China, where, by pipes of bamboo, it was conveyed from natural wells to suitable furnaces, and by means of terra-cotta burners of suitable size and construction was consumed. Of its origin, concerning which so many diverse theories have been advanced, Mr. Ashburner is strongly of the opinion that the gas arises from the decomposition of forms of animal or vegetable life imbedded in the rocks in certain situations.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

INFANTILE

SKIN DISEASES

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched, and malignant. We had not a night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and today he is a strong, healthy, child perfectly well, no repetition of the disease having ever occurred.

THOUSANDS OF CHILDREN,

Are born into the world every day with some eczematous affection, such as milk crust, scall head, scurf, or dandruff, sure to develop into an agonizing eczema, the itching, burning and disfiguration of which make life a prolonged torture unless properly treated.

A warm bath with Cuticura Soap, an exquisite Skin Beautifier, and a single application of Cuticura, the Great Skin Cure, with a little Cuticura Resolvent, the New Blood Purifier, is often sufficient to arrest the progress of the disease, and point to a speedy and permanent cure.

Hence, no mother who loves her children, who takes a pride in their beauty, purity and health, and in bestowing upon them a child's greatest inheritance, a skin without a blemish and a body nourished by pure blood—should fail to make trail of the Cuticura Remedies.

Sold everywhere. Price: Cuticura, 50 cents; Cuticura Soap, 25 cents; Cuticura Resolvent, $1.00. Prepared by Potter Drug and Chemical Co., Boston, Mass.

CONSTITUTIONAL CATARRH.

No single disease has entailed more suffering or has foiled the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing the human voice, the mind, some or more, and sometimes all, yield to the destructive diathesis. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, improperly assailed by quacks and charlatans, those suffering from it have little hope to be rescued out of its blighting clutches. It is true, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands of some competent and trustworthy. The new and hitherto unheard method adopted by Dr. Sanford in the preparation of his Radical Cure has won the hearty approval of thousands. Its instant success in affording relief in all head colds, sneezing, scalding and obstructed breathing, and rapidly removes the most oppressive conditions, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and in obtaining the constitutional treatment of the disease towards the cause, ever and kidneys.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, price $1.

Harvey Fitch's farm residence, one and a half miles east of Huntertown, was burned with all the contents Thursday night; loss $1,000. The house was insured for $600 and the furniture for $400.

The election of Mr. J. C. Kensill as post commander of Anthony Wayne post seems to have given universal satisfaction to the veterans of both of the Grand Army posts of the city, and is a deserved compliment to one of the bravest soldiers of the late war. "Jack" was always a great favorite among the "rank and file," and we bespeak for him a successful and popular administration as post commander.

The plans and specifications for the new church edifice of the St. Paul's Lutheran church, on Barr street, were submitted to the congregation yesterday by the architects, Wing & Mahurin. The work upon the new temple will commence early in the spring. It will cost $50,000 and will have a seating capacity of 1,450, with a gallery. The new church will be of modern gothic architecture in style with a center spire. It will stand near the site of the old church, fronting directly opposite the head of Madison street.

Mrs. Erdumutha Vogel died at 5:10 o'clock Saturday evening, at the residence of her daughter, Mrs. Caroline W. Phillips. She was the mother of the late Frank B. Vogel and the late Mrs. Elreatine Stenner, and a pioneer resident of Fort Wayne, who was dearly beloved by those who knew her best. Her death was the result of dropsy and her age seventy-six years. The funeral will take place Wednesday morning at 9 o'clock from the house of her daughter, Mrs. Phillips, No. 121 West Main street.

The following gentlemen, Messrs. J. H. Kellogg, 86 East Jefferson street; F. P. Shepler, Zanesville, Ind.; Joseph G. H. V. Sweringen, M. D., was called to Bluffton to-day, in consultation in a case of typhoid fever.

Duncan Irwin, son of Dr. J. S. Irwin, has accepted a position in the general office of the Pennsylvania company.

The telegraph pole injunction suit will be called in the circuit court to-morrow by the attorneys for the Western Union company.

Mr. Walter Nirdlinger, of Toledo, was in the city yesterday, visiting his grandmother, Mrs. D. Zekind, on West Jefferson street.

The "Soggarth," the new Irish drama to be seen in this city Thursday next, is booked for all of next week at Hooley's theatre, Chicago.

The funeral of Mrs. C. F. Henker took place yesterday afternoon from the residence, on Montgomery street, and was very largely attended.

Mr. Herman Bilker, the clerk in the Fruit House, was doing the customary honors on Saturday evening over the arrival of a new boy at his home.

"The Soggarth" carry their own special scenery, which was painted by the celebrated artist, Phil Goatcher, of Wallack's theatre, New York.

Alice Harrison and her party played to a meagre audience at the Temple Saturday night. They opened at the Windsor theatre, Chicago, last night.

Mr. L. M. Fleming, a member of the warden's staff at the prison north, spent Sunday with his parents, in this city, and went to Marion, Ind., this morning.

Rev. Father Delaney preached an eloquent and very interesting sermon at the Cathedral yesterday. The young priest will yet distinguish himself in the pulpit.

Thomas J. Hutchinson, formerly a councilman from the Fifth ward, and time keeper for many years at the Pittsburg shops, is now an inmate of the county poor house.

Bruce Fertiss, the pleasant clerk at the Fruit House, is nursing, not one of Job's comforters, but a scalded foot and it would probably be in order for Bruce to rise and explain the cause.

Mrs. N. Schlessinger and her daughter, Miss Rose Schlessinger, left on Saturday for Huntington to remain until after the wedding of Miss Rebecca Levi, which occurs at that place on next Wednesday.

The city hall injunction case will be heard next Saturday. There have been no bids for the second ward engine house property and the prospects of erecting a city building on Barr street next summer are not flattering.

The funeral of Henry Miller, the young man who was brought here from Decatur, took place yesterday afternoon from the residence of his parents, on West Washington street, and was quite largely attended. The young man had many friends in this city.

In the fire that destroyed the Strobridge printing company's establishment in Cincinnati, Oliver Byron is reported to have lost $4,700 worth of lithographs and printing, including all of his "Soggarth" paper, and about one-third of that for "The Inside Track."

In the circuit court John B. Kelly has brought suit for divorce against Rachel A. Kelly. The parties reside in Wayne township. Judge S. M. Hench filed the complaint. Mrs. Kelly filed a racy cross complaint and charges her husband with adultery and abandonment. He cannot sell his property until the case is heard.

A majority of the board of directors of the Atlantic and Mississippi Railway company, a promised Fort Wayne line, met at Lafayette Saturday to transact business relating to the interests of the new road. Those present at the meeting were: J. H. Cable, of Lafayette; Hon. Samuel Harding, of Kirklin; Dr. Boyd and John Higgins, of Thornstown.

Lillian Conway, of the "Sogarth" company, is a daughter of the celebrated F. B. Conway and wife, at one time manager of the Park Theatre, Brooklyn, and a niece of the well-known tragedienne, Mrs. D. P. Bowers. She was educated for the operatic stage and last season headed the Lillian Conway Opera company. Her singing of Gounod's "Ave Maria" is said to be one of the features of the performance.

Mr. Geo. E. Small, formerly of Marion township, and now residing in Archer's addition, on St. Mary's avenue, held ticket 4,169, and was presented by Messrs. Sam, Pete and Max, the people's clothiers, with the valuable city lot, corner Spring street and St Mary's avenue.

Deputy County Treasurer Cas Hunter is at his desk.

The hog cholera is said to be raging in some parts of Lagrange county.

Yesterday was a Sunday of clouds and sunshine in which the clouds, however, won the day.

Mr. Absolom Bayless, of 88 Force street, died this morning. The funeral will take place to-morrow afternoon.

Mr. and Mrs. C. R. Higgins and Mr. Mrs. Josh Williams attended the funeral of Mr. Higgin's brother at Delphos Saturday.

The four locomotives recently leased by the Wabash company to the N. Y., P. and O. railway, have been returned and released to the Chicago and Atlantic railway.

"The Soggarth," which is described as a romantic Irish love story of the present time, was given its first American production on Thanksgiving day in Troy, N. Y., where it is said to have made a distinct success.

A prominent councilman says that Joe Derheimer's contract to pave Calhoun street with cedar blocks is revoked by limitation of time. He predicts that next spring the council will order that portion of Calhoun street not newly laid with blocks, laid in granite stone.

Mr. and Mrs. John Jacobs will leave to-morrow evening for New York City from whence they sail in ten days for Europe. The will be absent from home for a year and while abroad will visit England, Scotland and Germany. Their many friends in this city wish them a pleasant voyage and a safe return.

Miss Pauline Sattler, a young lady seventeen years old, died last night at the home of her sister, Mrs. Paul Bauman, 51 East Main street. The funeral will take place on Wednesday afternoon at 130 o'clock from the United Brethern church.

"What wound did ever heal but by degrees?" That's an easy conundrum! Why the thousand aches and pains, and bruises daily cured by Salvation Oil, the greatest cure on earth for pain.

HERE WE ARE AGAIN.

Catarrh Cured

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." I. W. LILLIE, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ABBEY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make new me." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.
